(Personnel may not be present during this time if currently on an emergency call).

Description

The Dakota Valley Emergency Services District (District) is currently looking to fill full and part time paramedic positions. The paramedics will work under the direction of the Lead Paramedic or the North Sioux City Fire Chief if the Lead Paramedic is not available. Employees will provide a high level of customer service to all patients under their care during medical treatment and transportation to appropriate hospitals. Employees will work within the scope of practice for their license. Employees must have a general knowledge of standard EMS equipment and ambulance maintenance. They must be proficient with computer software and reporting procedures. Employees will also perform non-emergency duties as assigned by the Lead Paramedic or the NSCFD Fire Chief.

May work 24-hour, 12-hour, or other assigned shifts as required.

North Sioux City

Volunteer Fire Department

Duties

- Provides emergency medical treatment and transport within designated scope of practice, State law, and direction from our Medical Director.
- Document all EMS calls using approved software. Documentation must include all treatment and actions taken by the EMS provider as well as all supplies consumed during the call.
- Complies with all HIPPA standards and patient confidentiality rules.
- Provides EMS standby at fire calls, and other events as assigned.
- Follow District and NSCFD procedures.
- Responsible for tracking inventory and supplies used while on shift.
- Responsible for the cleanliness and readiness of the ambulance and EMS equipment.
- Responsible for station duties as assigned.
- Lead Paramedic will ensure the Fire Chief is made aware of any problems with equipment, vehicles, calls, or personnel issues.
- Paramedics will ensure Lead Paramedic or the NSCFD Fire Chief is made aware of any problems with equipment, vehicles, calls, or personnel
- Maintenance of ambulance, equipment, and station.
- Performs other duties as assigned.

Qualifications

Must be able to read, speak, legibly write and comprehend the English language without restriction. Must show knowledge and skills necessary to provide patient care with consideration of aging processes, human development stages, and cultural patterns in each step of the care process. Must possess the ability to handle confidential information and follow all HIPPA and state laws regarding confidentiality. Applicant should have the ability to take initiative, problem solve, and show sound judgement and decision-making abilities. Must possess the ability to drive safely in all road and weather conditions with a current driver's license that is valid in all 50 states without being on any type of high risk automobile insurance, SR-22, etc. Applicants should have the ability to assist with training other EMS personnel at the department. Must have a high degree of personal integrity. Must have the ability to work efficiently and interact in a constructive and professional manner with other employees, public safety personnel, medical staff and other emergency medical service members. Must have the ability to interact effectively and professionally with patients, customers, clients, family members, bystanders and the general public in such a manner as to reflect credibly on the Dakota Valley Emergency Services District or the North Sioux City Fire Department. Must demonstrate a level of skill and ability consistent with the provision of high quality patient care.
